Dear Carolyn and The EGC Group,

Thank you so much for all of the time, resources and the impressive organization of materials you have donated to Art Start over the past six months. I recently received the copies of all the ads that were placed for Art Start. We are incredibly blessed to have the EGC Group as one of our biggest supporters through all of your invaluable donations.

There are many ways for companies to be charitable to non-profits these days. However, so seldom does a fee-for-service company treat their charitable entities with the respect, regard, and professionalism that The EGC Group has shown Art Start.

While donating free services, you and your team have made us at Art Start feel like your highest paying client.

Thank you!

Best,
